

Polaris Remote Programming

The Polaris remote must be programmed before it will operate an ADB STB.

To unlock CBL Mode:

- Press **CBL** once
- Hold **SETUP** until CBL blinks twice
- Enter **9 8 2**
- CBL Blinks four times
- Remote is now unlocked

Program CBL Mode:

- Press **CBL** once
- Hold **SETUP** until CBL blinks twice
- Enter **2 2 5 4**
- Remote is now programmed for ADB STB

Program from TV code list:

- Press **TV** once
- Hold **SETUP** until TV blinks twice
- Enter code from list in manual for tv brand
- Press **TV** - if TV turns off, you are done. If not, repeat steps 2 and 3 for next code

Program TV using code search:

- Press **TV** once
- Hold **SETUP** until TV blinks twice
- Enter **9 9 1**
- Press and release **CH+** until TV turns off
- Press **SETUP** once to save code

Program your remote for Closed Captioning:

- Press **CBL**
- Press & hold the green **SETUP** button for two blinks
- Enter **9 9 4**
- Press **SETUP** one time & release
- Enter **2 5 2 8 5**
- Press the **SWAP** key at the bottom of the remote

The Swap key may now be used to turn closed captioning **ON** or **OFF**.
